OBJECTIVE	Seeking a summer internship position where I can apply my knowledge of thermodynamics, that will lead to opportunities in Design, Production, ma Engineering.	
EDUCATION	<b>Texas A&amp;M University</b> , College Station, TX Bachelor of Science in Mechanical Engineering Overall GPR: 3.435	Graduation: December 2016
RELEVANT WORK	Texas A&M Industrial Assessment Centre	Spring 2015 - Present
EXPRERIENCE	Student Technician	
	• Perform energy audits to correctly measure, record, and analyze data at industrial sites.	
	Help identify potential cost saving measures; from energy efficiency impro	ovements, waste minimization,
	and productivity improvements.	
	Texas A&M University, College Station, TX	Spring 2014 - Present
	Material Science Department	
	Undergraduate Researcher	lover on resistance evitabing
	<ul> <li>Research the effects of metal surface roughness and thickness of dielectric layer on resistance switching devices.</li> </ul>	
	<ul> <li>Use The Keithley 4200 Semiconductor Characterization System (4200 Semiconductor Characterization System)</li> </ul>	SCS) to source a voltage and
	measure both voltage and current, while making I-V sweeps and resistance	
	<ul> <li>Apply and improved technical writing skill while writing research paper.</li> </ul>	e measurements.
	Best Way Auto Shop, Lagos, Nigeria	Summer and Fall 2012
	Mechanic's Apprentice	
	• Disassembly of vehicle parts.	
	Communicate with customers.	
	• Overseeing of auto shop.	
PROJECTS	Texas A&M Sounding Rockery Team, Texas A&M University	Fall 2014 - Present
	Propulsions Team member	
	• Help design and build the rocket engine.	
	• Use a Mill and Lathe to fabricate fuel grain.	
	• Use Propep to determine best fuel and oxidizer for the engine.	
	Statics and Dynamics Honors Project	Summer 2014
	Used Abaqus to analyse Beam structures and saw the effects of the second	
ACTIVITIES	National Society of Black Engineers (NSBE)	2013 - Present
	Senator	
	Help Refine NSBE constitution.	-1 Conformation
	<ul> <li>Represent the Texas A&amp;M Chapter of NSBE at both National and Regior</li> <li>Recruit new members.</li> </ul>	lai Conferences.
